- 
Collaboration
- 
Security
- 
Service delivery
- 
User experience
- 
Reliability
- 
System integration
- 
Ease of use
- 
Innovation
- 
Productivity
- 
Range
- 
Reputation
- 
All in one platform
- 
Legacy systems
- 
App development
- 
Consistency

Why choose a Procurement Services framework to procure Microsoft licensing?

Competitive pricing:

Our frameworks provide exceptional value, helping you from the beginning of your licensing journey until the very end, while maintaining competitive pricing when compared to alternative solutions.

Auditing:

We help you save money through auditing, if you don't have a Microsoft specialist we can stop you from overspending with unnecessary costs and programmes.

License management:

We can help to manage your licenses and ensure that your public sector organisation has access to all necessary Microsoft products.

Full support:

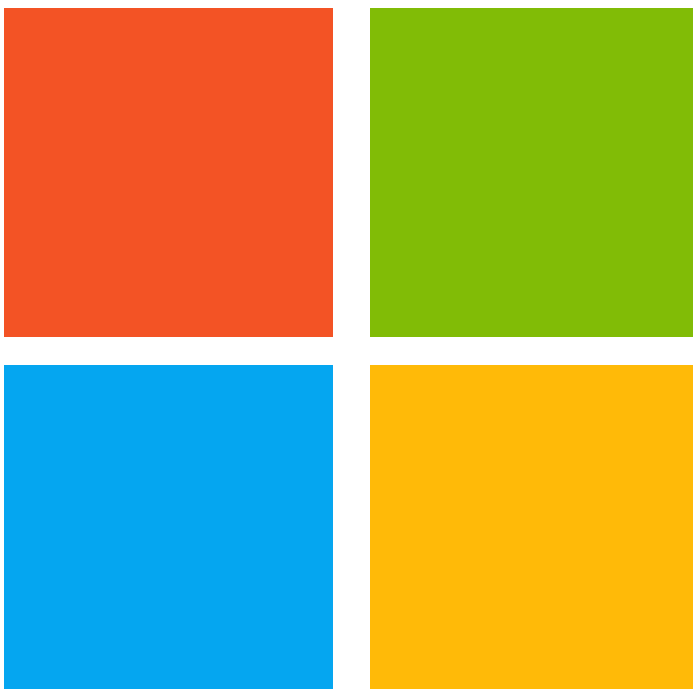

Through Microsoft's recommendation, we can be your partner throughout this process. Providing support from start to finish to ensure you make the correct decisions with your licensing. If you have any issues through the lifecycle of procuring your licenses then we are always available to contact and support.

Quick and easy solution:

Our frameworks are a simple and fast solution when compared to competitive solutions on the market. If you have a demanding deadline, we can help to meet your needs and offer a quick solution.

Flexibility:

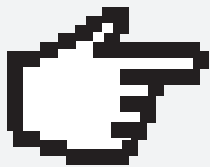

Our frameworks are flexible to meet the demands of our customers

We have a dedicated team to ensure that you get what you need

We know that procuring your Microsoft licensing can be an expensive and complicated ordeal, that is why our frameworks provide competitive pricing and constant support, to ensure that you're not overspending and getting everything right.

Have any issues through the lifecycle of procuring your licenses? We are always available to contact and help.

Contact our experts and ask for advice about how our frameworks can support with your procurement needs
